

DEEP JADAV

Software Developer Fresher

Ahmedabad, Gujarat | +91-9586281758 | jadavdeep560@gmail.com | [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Software Developer with hands-on experience building full-stack and backend applications using JavaScript, React.js, Node.js, Express.js, and MongoDB. Skilled in designing and integrating REST APIs, implementing JWT authentication, and building secure, scalable backend systems. Completed two development internships and delivered multiple full-stack, database-driven, and AI-integrated projects. Passionate about problem-solving, clean architecture, and API integration as a Full Stack MERN Developer.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), SQL, C#

Frontend: React.js, HTML5, CSS3, Bootstrap, Responsive Design

Backend: Node.js, Express.js, .NET Core Web API, REST API Development, JWT Authentication, Authorization, Middleware, MVC Architecture, CRUD Operations, Async Programming, Error Handling, Socket.IO

Databases: MongoDB, Mongoose, MongoDB Compass, MySQL, SQL Server (SSMS), Database Design

Tools & Platforms: Git, GitHub, Postman, Swagger, VS Code, Vercel, Netlify, Render

APIs & Integrations: Google Gemini API, Multer, PDF-Parse, Axios, RESTful API Integration

PROFESSIONAL EXPERIENCE

Uptake Infotech

Web Developer Intern

Ahmedabad, Gujarat

Sep 2024 – Apr 2025

- Built responsive web pages using HTML, CSS, Bootstrap, and JavaScript, implementing dynamic product listing and filtering features.
- Integrated frontend pages with a Laravel backend and MySQL database to enable dynamic content rendering.

Six Sigma Techno Soft

Backend Developer Intern

Ahmedabad, Gujarat

Jan 2024 – Apr 2024

- Developed RESTful APIs using .NET Core and SQL Server, implementing CRUD operations and JWT authentication for secure data access.
- Integrated backend endpoints with a React.js frontend via Axios and validated API functionality using Postman and Swagger documentation.

PROJECTS

Product Management API

[Live Demo](#)

Node.js · Express.js · MongoDB · REST APIs · JWT · MVC Architecture

- Architected a RESTful Product Management API with Node.js and Express.js, structuring the codebase using MVC architecture for scalability and maintainability.
- Implemented JWT-based authentication and authorization middleware to secure protected routes and control CRUD access.
- Designed MongoDB schemas and integrated Mongoose for data modeling, validation, and persistence of product records.
- Deployed the backend and a connected React.js frontend on Vercel, delivering a fully functional live application.

One Piece Card Game — AI Deck Optimization & Win Prediction System

[Live Demo](#)

Node.js · MongoDB · JavaScript · AI-Assisted Development

- Engineered a deck analysis and win-prediction system for a trading card game, applying historical tournament data to generate optimization insights.
- Built backend logic in Node.js to process and evaluate deck compositions using AI-assisted development workflows.
- Designed MongoDB data structures to store and query card, deck, and match records supporting prediction logic.
- Deployed a live, interactive frontend enabling users to explore deck recommendations in real time.

AI-Powered Research & Recommendation Agent

[Live Demo](#)

React.js · Node.js · Express.js · MongoDB · Google Gemini AI

- Developed a full-stack AI-powered research platform with React.js, Node.js, Express.js, and MongoDB to generate structured company intelligence reports.
- Integrated Google Gemini AI to produce business insights, AI-opportunity analysis, and personalized, source-backed recommendations.
- Designed REST API endpoints connecting the React.js frontend to backend services for real-time report generation.
- Structured MongoDB collections to persist generated reports and support efficient recommendation retrieval.

EDUCATION

Master of Computer Applications (MCA)

2022 – 2024

Gujarat Technological University | CPI: 7.9

Bachelor of Computer Applications (BCA)

2019 – 2022

Gujarat University | CGPA: 5.8

Higher Secondary Certificate (HSC)

2018 – 2019

NIOS | 59%

CERTIFICATIONS

- Full Stack Internship – React.js, SQL Server, .NET (2024)
- Web Developer Internship – HTML, CSS, JS, Bootstrap (2025)
